

Our mission

TABLE - Tackling environmental sustainability through Blended Learning opportunities for i-VET in the furniture and wood sector

is a European project of 2 years, managed by 6 European partners from 5 different countries (France, Italy, Poland, Romania and Spain), and it is funded by the ERASMUS+ programme.

The project intends to deliver an innovative training system based on **micro-learning opportunities for i-VET teachers** in the **furniture and wood sector**.

Following on from the training, the aim of the project is to provide to i-VET teachers, **key green skills for the job market**.

TABLE objectives

Improve environmental sustainability through education

Ensure a quality culture in VET programmes

Enhance access to VET training and qualifications for all

TABLE outputs

The partners designed two key outputs, to reach the goal of the project:

Educational tips:

«learning snacks» for I-VET teachers in the furniture and wood sector A material to learn more about environmental sustainability, anytime, anywhere and according to teachers needs, with up-to-date information on sustainable practices.

A guideline manual to support i-VET teachers and professional training providers to display in class or online the learning material adopting a new approach with best practices ready to use in the courses.

Guidelines for the proper implementation of the Education for Sustainable Development into VET courses in the fields of furniture and wood
